ATHLETIC AGREEMENT

Participation in all sports can be inherently dangerous and, regardless of the care taken to avoid injury, it is impossible to ensure the safety of all participating individuals. In fact, many sports come with inherent dangers. Playing sports can demand cardiovascular fitness, coordination, and agility. Players may spend more than 45 minutes in intense physical activity and must be constantly aware of their surroundings (other players, goalposts, net posts, and the ball itself). Although soccer, basketball & volleyball are not generally thought of as a contact sport, at competitive levels, it can be. Although many risks can be avoided, some simply cannot.

While playing sports, accidents do happen. Some of these accidents may be minor like collisions with other players, collisions with the ground, and being struck by the ball. Other accidents may be more significant like collisions with the goalposts. Other injuries may also include:

- Minor injuries like scrapes, bruises, strains, blisters, and sprains;
- More serious injuries liken broken bones, concussions, muscle tears, and ligament tears;
- Catastrophic injuries like heat stroke, cardiac arrest, and death

To reduce the risk of injury, participants are expected to abide by the following rules:

- All participants are expected to be physically fit before participating in JMG SportsWise Programs
- All players must adhere to the rules of the sports, thus creating a safe playing environment.

The above-mentioned participant agrees to follow the preceding safety rules, all posted safety rules, and all rules common to the enrolled sport. Further, the above-mentioned participant agrees to report any unsafe practices, conditions, or equipment to the JMG SportsWise Coach.

I certify that the above-mentioned participant:

- Possesses a sufficient degree of physical fitness to safely participate.
- Understands that he/she/they is to discontinue activity at any time he/she/they feels undue discomfort or
